

## **Saint Mary School Honored with Nomination for Blue Ribbon School Award**

On January 15th, Saint Mary School was honored to be nominated and recommended by the Council for American Private Education (CAPE) to the U.S. Department of Education for the 2010 Blue Ribbon School Award. This nomination places Saint Mary School among the top schools (public and private) in the United States and advances our candidacy for the highest national honor a school can receive, the U.S. Department of Education Blue Ribbon School Award. Nominated school applications go on to be reviewed by a panel of experienced educators at the national level with the determination made by the U.S. Department of Education; award announcements are expected in September.
